

Why Kaizen Systems?

- ☞ One window solution for your Practice Management and Electronic Health records needs
- ☞ The only Certified SOAPware Partner in Illinois (soapware.com)
- ☞ Dragon NaturallySpeaking Solutions Provider partner
- ☞ Quick Installation - saves time and reduces costs dramatically by offering installation in less than half the time required by competitive services, migration of patient and scheduling data from previous systems, and comprehensive on-site training.
- ☞ Anytime, anywhere access to patient information – Essential to your practice's success is the ability to access and manage patient information anytime and anywhere you need it. This completely web-based application provides a secure link to your schedule, billing and accounting detail reports, enabling you to manage the patient experience at all times.
- ☞ Offloaded claim and statement processing – Release your practice from the strains of complete, accurate, and speedy statement mailing and claims processing. We help you to expedite the receipt of funds by automatically checking diagnosis codes, maintaining HIPAA compliancy, and verifying clean claim submissions. We also lift the burden of statement mailing and printing paper claims from your office staff.
- ☞ Comprehensive reporting – Understand and manage the financial health and efficiency of your practice with extensive reporting. Zoom in on specific segments of your practice to identify hidden opportunities or potential problems with flexible, user-defined analysis.
- ☞ Accounting and data management – You are confident in the treatment you provide your patients. Be certain your practice is being equally well cared for. We seamlessly perform end-of-day and end-of-month processing and invoice aging so you don't have to delay practice operations during closing. And the advanced technology is constantly updated, instantly backed up and immediately archived without pressing a button.
